

## Name / Title Badges

PRECISION have the world's biggest range of title badges as well as the only affordable customised metal name badges, allowing us to provide solutions for schools small and large.

Our **standard range** includes most titles you could need but we're always adding more so if you don't have our full list please ask for a free copy.

Our **customised** name/title badges have become hugely popular since their introduction. Complete with individual names and titles plus the school crest, while featuring enamel colours over lightweight brass, they can boost a school's image in the community and foster a sense of pride among students - at surprisingly low cost.

Call today and ask us to help you make name and title badges work for your school!

## School Specialists

At PRECISION we know what schools require to maintain their image. Knowing the importance of team spirit, we've developed the world's largest range of title badges incorporating hundreds of titles.

We have also introduced customised metal name and title badges, which have become enormously popular. It's now economical to have a personalised metal badge for every student and staff member. For more details see overleaf.

The traditional school lapel badge also remains popular. If you're planning a new design, ask about free dies.

## Price Certainty

With PRECISION there's no need to obtain an "estimate" only to find your cost varies according to badge shape, difficult colouring or other "reasons". Our price list is clear and simple and the prices are firm, but we are always happy to confirm our low prices by way of a written quote if you wish.

Our "no hidden extras" policy also means there are no die or tooling charges (except for medallions and heavily embossed items). Die charges are a relic of the 19th Century when die making was costly --- they cannot be justified in the 21st.

## Our Guarantee

At PRECISION we take pride in the quality of our products. Here's our guarantee:

"If you are not completely satisfied with the quality of your badges, we will re-make them at no cost to you provided that any changes required are within the bounds of normal badgemaking capabilities."

## Fundraisers Special Events, Awards

Feel free to use our advice and design skills to create unique and beautiful awards, commemorative crested ware and fundraising items. We can also advise on the best selling lines and how to make the most of your budget. We love a challenge so, even if you think your idea is too complex, talk to us!
