School Lapel Badges

Only a truly classic lapel badge can successfully present your school's face to the community. PRECISION'S badges are made from copper or brass, plated in real gold (or nickel if you prefer) and coloured with your choice of a vast number of baked enamel colours. The cost is surprisingly low, and we do not charge for diemaking or tooling for new designs. Our skilled diemakers can copy direct from your existing badge, or for a new design, we have a free of charge design service.

Fundraisers / Special Events / Awards

Since their recent introduction, these badges have proven enormously popular, being a vast improvement over the old style bar-and-school badge combination. Students of all ages appreciate the modern style, while principals feel that they enhance the school's image in the community. You can now have matching badges with an infinite diversity of other information, as seen in these examples. Our minimum order of 25 allows up to 25 different sets of words and figures. All with your school crest faithfully reproduced on strong, lightweight brass, with gold or nickel plating.
