BUDGET

REUSABLE

PRICE CERTAINTY

No need to obtain an "estimate" only to find your cost varies according to badge shape, difficult colour or other "reasons". Our price list is clear and simple and the prices are firm, but we are always happy to confirm our low prices by way of a written quote if you wish.

Our "no hidden extras" policy also means there are no die or tooling charges (except for medallions and heavily embossed items). Die charges were a relic of the 19th century when die making was costly - they cannot be justified in the 21st.

FRIENDLY, HELPFUL SERVICE

Each office of Precision Badges is independently owned and operated, so you gain the cost benefits of dealing with a large badgemaker while also receiving genuine personal service. We are leaders in innovation and skilled in turning your concept into a work of art.

PEACE OF MIND GUARANTEE

Peace of Mind Guarantee At a time when some badge companies are cutting corners to cut costs, we take pride in the quality of our products, here is our guarantee:

"If you are not completely satisfied with the quality of your badges, we will re-make them at no cost to you, provided that any changes required are within the bounds of normal badgemaking capabilities."
