PRECISION BADGES

School Lapel Badges

Only a truly classic lapel badge can successfully present your school's face to the community. PRECISION'S badges are made from copper or brass, plated in gold (or nickel if you prefer) and coloured with your choice of a vast number of vibrant colours. The cost is surprisingly low. Our skilled team can copy direct from your existing badge, or for a new design we have a design service to help you achieve a professional finish. For complex or multiple design changes an artwork fee may apply.

Fundraisers / Special Events / Awards

Feel free to use our advice and design skills to create unique and beautiful awards and commemorative crested ware. We can also advise on the best selling lines and how to make the most of your budget. We love a challenge so even if you think your idea is too complex, talk to us! For complex or multiple design changes an artwork fee may apply.

Metal Name / Title Badges with Logo

Since their recent introduction, these badges have proven enormously popular, being a vast improvement over the old style bar-and-school badge combination.

Students of all ages appreciate the modern style, while principals feel that they enhance the school's image in the community. You can now have matching badges with an infinite diversity of other information, as seen in these examples.

An order of 25 badges, each with different names or titles, is the minimum quantity without a setup charge.

Medals & Keyrings

When your school needs quality medals for your achievers, or medallions to commemorate a special event, then PRECISION is your choice. Superbly crafted by our skilled and motivated team, your medals will be crafted for long lasting quality and meaning. Keyrings by PRECISION will be appreciated and kept for years to come. Crisp, clear detail, vibrant colours and strong fittings are our trademarks.

Embroidered Badges

PRECISION'S iron-on or sew-on badges are beautifully made with high stitch density for durability and design clarity. Our advanced technology and high turnover mean we can waive the industry's customary set-up charges, so it will cost you nothing to make the change to PRECISION'S superior quality.
